

SHAPE SCAVENGER HUNT

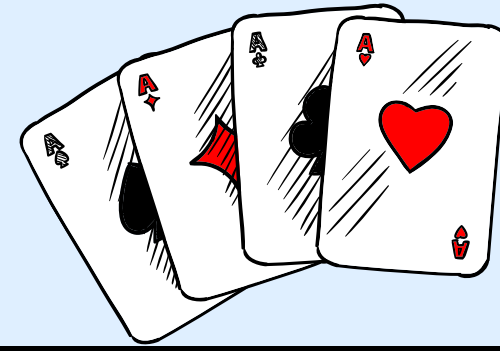

Step 1: Pick any room in your house

Step 2: Find as many triangles, squares and circles as you can! Count them using tally marks. **###**

Step 3: Which shape did you find the most of? Which shape did you find the least of?

Pattern Practice

Use your cards to make a red and black pattern on the floor! How big can you make your pattern? Can you make a different pattern?

Counting Shoes

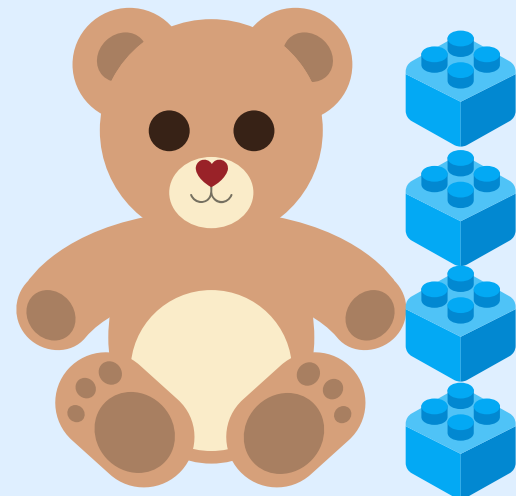

Count how many shoes are in your whole house! Use paper and a pencil to keep track. Who has the biggest shoe size? Who has the smallest shoe size?

How many ___ long?

Use lego, blocks, or a small object of your choice to measure the following items:

- Your favourite teddy bear
- Your favourite book
- Your pillow

How many blocks long are each?

Record your answers with a pencil and paper.
