

March 13-17

Hello! Happy March! This week we are continuing our French unit on family. I will be asking our class to bring in some family photos later on this week if you could please start gathering a few.

In Math we are finishing up our unit on long division. We will have an assessment on division on Thursday (weather depending)

Friday we will be spending the day doing all things St. Patrick's Day!

I look forward to using this teachers page and plan to update it weekly.
If you need to reach me, email is best
