In support of the **Roots of Empathy** program the New Brunswick Association of Community Living is working with our local committee to collect garbage bags of used clothing and other goods listed below. NBACL will provide a monetary contribution to our local committee for Roots of Empathy for each bag collected. The money received will be used to support the Roots of Empathy programs in our area. If each person fills at least one garbage bag we can make a difference for children in our area as well as children & families with intellectual disability in New Brunswick.
